

Comelan 12th International Vanadium and Titanium Industry Summit Forum 2026

Invitation Letter

Background

Dear Sir/Madam,

In 2025, China's vanadium product market experienced minor fluctuations and adjustments. The market remained in a state of oversupply. The steel sector stayed sluggish, demand in the chemical sector was limited, competition in the vanadium-aluminum alloy segment was intense, and although demand from the vanadium energy storage sector grew, it fell short of expectations. The entire industry continued to face certain pressures, especially due to the accumulation of earlier inventories, which hung over the vanadium industry like a shadow.

How the vanadium and titanium industry will develop in 2026, and how to dispel the fog, are key topics for industry professionals. Global enterprises are also closely watching the development of China's vanadium industry, given that China holds a significant share of global vanadium resources and output. Moreover, the growth of new energy and vanadium energy storage plays an influential role in the global economy.

Therefore, Comelan 12th International Vanadium and Titanium Industry Summit Forum 2026, is hoped to provide a high-level and zero distance communication platform for industry manufacturers and create the most influential industry summit. By providing advice and strategies from experts and scholars, enterprises can better organize their development ideas, find more opportunities for mutual cooperation through communication and exchange among enterprises, and achieve win-win development.

The summit is scheduled to be held in Jinzhou, Liaoning Province during May 27th-29th, 2026. We sincerely welcome your arrival!

Conference Details

★Venue: Jinzhou, Liaoning Province, China

★Date: May 27th-29th,2026

★Host Unit: Comelan(www.comelan.com)

★Conference Agenda(TBD):

May 27th: Full-day registration, enterprise seminar in the afternoon, welcome dinner

May 28th: Full-day conference

May 29th: Corporate visit and tourism(TBD)

Conference Highlights

- 1)Full industry chain enterprise negotiation: production, smelting and processing, chemical, deep-processing, equipment enterprises, steel mills, auxiliary materials, environmental protection and other related enterprises, traders from all over the country, more business opportunities.
- 2)Authoritative macroeconomic experts, steel industry experts, the relevant leaders of the Association gathered on the scene.
- 3)Invite experts from various industries to focus on industry and explain the market trend in depth.
- 4)Offline communication promotes on-site orders.
- 5)Full industry chain exchange conference, allowing everyone to have a comprehensive understanding of the industry
- 6)Domestic and foreign enterprises jointly explore the development of the global vanadium industry.

Conference Topics for Discussion(TBD)

- 1)Global Economic Development Trends in 2026
- 2)Development of China's Steel and Rebar Market in 2026
- 3)Global Vanadium Market Supply-Demand and New Project Commissioning in 2026
- 4)Will the Development of the Non-Ferrous Metals Industry in 2025 Impact the Vanadium Industry in 2026?
- 5)Demand for High-Purity Vanadium Powder Driven by Vanadium Flow Battery Development in 2026
- 6)Implementation of Vanadium Energy Storage Technologies and Projects in 2026
- 7)Share and Position of Vanadium Flow Batteries in Energy Storage
- 8)Challenges in the Development of Vanadium Flow Batteries
- 9)Impact of the 15th Five-Year Plan on the Development of Vanadium Flow Batteries
- 10)Where Is the Future Direction of the Vanadium Industry?

Registration Form

(Please send to fanyufei@comelan.com)

Company Name		Contact Person	
Business Type	<input type="checkbox"/> Manufactures <input type="checkbox"/> Traders <input type="checkbox"/> Steel Mill <input type="checkbox"/> Equipment <input type="checkbox"/> Foreign-owned enterprise		
Attendee	Position	Tel. Number	Phone Number
Attendance fee (Accommodation is not included)			
<input type="checkbox"/> Membership 1000USD/person <input type="checkbox"/> Non-membership 1200USD/person			
Hotel Costs and Address			
Hotel Name: TBD			
Address: TBD			
<input type="checkbox"/> Twin Room: RMB/day (including breakfast*2)		Book __, Check-in date: May __ to __	
<input type="checkbox"/> Queen-Sized Room: RMB/day (including breakfast)		Book __, Check-in date: May __ to __	
Kind Reminder: For those who have not made the payment in advance, we cannot guarantee accurate room reservation. The room fee will be processed on-site at the hotel			
BENEFICIARY	THE NAME OF THE COMPANY: Beijing Resource Elan Technology Co., Ltd ACCOUNT NUMBER: 3558 0188 0000 16243 NAME: Beijing, Shunyi Houshayu branch of China Everbright Bank SWIFT CODE: EVERCNBJBUS TEL: 86-010-64891800 Please indicate "Conference Fee" in the remittance.The name of the remittance account needs to be filled in completely when making payment Note: After the conference is held, the conference fee cannot be refunded. Please be cautious before making payment
